The following Act is passed by the Hon'ble the President of the Council of India in Council on the 27th January 1843, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. I. OF 1843.

An Act for amending the Law concerning the Registration of written Conveyances and other instruments affecting Titles and other interests to Land.

Whereas the Registry Laws now in force in the respective Mofussils of Bengal, Madras and Bombay, provide that registered conveyances and other instruments affecting Titles to land and other interests therein shall not take precedence of unregistered conveyances and instruments in cases where the party registering shall have known of the existence of such unregistered conveyances or other instruments. And whereas a complicated system of law has arisen out of the construction which is to be given to the provisions regarding the knowledge of parties, or notice had by them in such cases. And whereas much perjury has been committed in investigations touching the fact of such notice or knowledge, and much of the time of the Courts has been occupied with such investigations. And whereas in consequence of forgeries, perjuries, fraudulent concealments, and other practices, no person purchasing or advancing money on the Security of Land, can safely rely on the conveyances or other instruments affecting the Title to such land or other interest therein affording, by means of their being

registered, a Security against conveyances or instruments being set up, as of previous date, by unregistered claimants:

It is hereby enacted, that all provisions contained in any Regulation or Regulations of the Bengal, Madras or Bombay Codes, touching such knowledge or notice as aforesaid, of previous unregistered conveyances, or instruments affecting titles to land or other interests therein, shall be repealed from the first day of May next; and every conveyance or other instrument affecting title to land, or any interest in the same authorized by those Codes respectively, to be registered, shall so far as regards any lands to which the same relate, be void as against any person claiming under any subsequent conveyance or other instrument duly registered, unless the prior conveyance or instrument shall have been duly registered before the registration of the subsequent conveyance or instrument; any alleged notice or knowledge of such prior conveyance or instrument notwithstanding. Provided always that this Act shall not be construed to extend to any conveyance or other instrument made before the first day of May next.

It is hereby declared and enacted, that in no part of the Straits Settlements shall the Status of Slavery be recognized as existing by law. And all Courts and Officers of Law are hereby prohibited from enforcing any claims founded on any supposed rights of Masters in regard to Slaves within the Settlements aforesaid, and are enjoined to afford protection to all persons against whom any supposed rights of Slavery are attempted to be enforced.

Notice of a Floating Light stationed at the entrance of the Bombay Harbour.

The following Notice of a Floating Light stationed in the Fair Channel into Bombay Harbour, is published for general information.

By Order of the Marine Board,

C. B. GREENLAW, *Secy.*

FORT WILLIAM,
The 19th January, 1843. }

NOTICE

Is hereby given, that a Floating Light is stationed in the Fair Channel into Bombay Harbour about $\frac{3}{4}$ of a mile to the S. W. by S. from the Fair Way Buoy, in about 9 fathoms at high water, and 7 fathoms at low spring tides, with the following bearings and distances.

Flag Staff on Malabar Point, N. $5^{\circ} 46''$ E. distance 6. 90 Nautic. Miles.

The Light House on Colaba, N. $21^{\circ} 34''$ E. distant 4. 56 Nautic. Miles.

The Fair Way Buoy N. E. by N. distant $\frac{3}{4}$ of a mile.

The Floating Light at the Sunken Rock, N. $38^{\circ} 50''$ E. distant 4. 68 miles.

Kennery Island, S. $14^{\circ} 15''$ E. distant 7. 43 miles.

The Point of the S. W. Prong in 6 fathoms foul ground bears North about 2 miles.

The Middle of Thull Shoal, E. S. E. 2 miles.

When approaching the Harbour, if the Floating Light Vessel is seen bearing on any point from N. by E. round to the Eastward as far as S. E. by S. a Ship might steer directly for it, and when up with the Light Vessel, should steer from her N. E. Easterly, so as to pass about $\frac{3}{4}$ of a mile to the Eastward of the other Light Vessel, which is moored about a quarter of a mile to the Southward of the Sunken Rock. After rounding the Rock Light Vessel, you may steer more Northerly, and if it be at night, should anchor about 1 mile to the N. E. by N. from it, where the water will be smooth. The South point of the Middle Ground Shoal, bears N. N. E., distant 2 miles from the Rock Light Vessel.

Both Light Vessels are painted Red, each carrying a Ball on the Light Mast, and during daylight they hoist a Red Flag when a sail is in sight.

The Outer Floating Light burns a Blue Light at the end of each hour during the night, and displays a Torch at the half hours.

The Flood Tide comes in from S. W. and Ebb from the N. E. It is High Water at 12 hours on full and change of the Moon.

D. ROSS,

Master Attendant.

BOMBAY,
28th December, 1842. }

NOTE.—The Floating Light was tried during the last Monsoon and rode well, but in the event of her breaking adrift, the Fair Way Buoy is continued at its station.

THE 1ST FEBRUARY, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 1st of February 1843.

ACT No. — OF 1843.

For the Incorporation of a Bank at Madras.

WHEREAS the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the Affairs of India, has directed the abolition of the present Government Bank at Madras, and in lieu thereof has sanctioned the establishment of a Bank at Madras on the principles hereinafter set forth, and has required the Government of India to pass an Act of Incorporation for the same ;

I. IT is therefore hereby enacted, that from the 1st day of June next ensuing in the year of our Lord 1843, the persons whose names are included in the Schedule hereunto annexed, having severally subscribed and signed their acceptance of the terms of incorporation specified in this Act, and with the Government of Madras on the part of the East India Company having paid into the Government Treasury the amount of Capital Stock subscribed by them respectively and taken receipts for the same from the Sub-Treasurer to the Government of Fort Saint George shall, together with the Governor in Council for the time being of the Presidency of Madras, be a Corporation Body Corporate and Politic by name of the Bank of Madras, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereinafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

Provided however that it shall be lawful to the Governor General of India in Council at any time before the 1st of September next, to rectify any errors in the Schedule of the said Proprietors by notice in the Official

Gazettes of Calcutta and Madras, so that no alteration be made in the principles upon which such Schedule has been framed.

II. AND it is hereby declared and provided, that if any of the person whose names are in the said Schedule shall fail to make good their subscription on or before the 1st May next, the Shares to which such names are attached may be claimed and taken by the persons who having made applications for Shares which were received after the prescribed amount of Capital had been taken and subscribed for by the parties in the said Schedule, were permitted to have their said applications registered as received: and the Shares so lapsing shall be tendered to such applicants in the order of such registry according to the list given in to the Governor in Council at Fort Saint George and shall become the property of such persons provided they shall have in the manner heretofore mentioned paid up their subscriptions on or before the 20th of May next. And in the event of there remaining any unpaid Shares after the parties whose names have been so registered have thus had the option of completing the payments that will be due on such Shares, then such remaining unpaid Shares shall be at the disposal of a General Meeting of the Proprietors to be convened for that purpose: And it is hereby enacted, that the persons who become the Proprietors of the lapsed Shares in the manner above provided or under an appropriation made at such General Meeting of Proprietors by payment of the amount subscribed shall be considered to belong, and shall to all intents and purposes belong to the Corporation Body Corporate and Politic by name of the Bank of Madras, and shall possess and enjoy all the rights, privileges and immunities the same as the persons according to the Original Schedule who shall have paid up their Subscriptions on or before the 1st of May next. AND it is hereby declared and required that as soon after the 20th of May next, as may be practicable, the Governor in Council at Fort Saint George shall publish in the Official Gazette of that Presidency a Schedule of the Proprietors of the Bank of Madras as incorporated under the provisions of this Act, and that the same shall be transmitted to be republished in the Official Gazette of Calcutta.

III. | 3. Pearson ditto 27th December 1842. | 6. Fowle ditto 27th December 1842. |

5. From the latter Statement it will appear that Mr. Balfour, who was admitted into College in September 1841, and Messrs. Wauchope and Jenkins, who were admitted in February and May 1842, are declared qualified for the public service in two languages, and that Messrs. Brandreth, Ford, Karr, Tucker, Schaleh, Swinton and Bramly, all of whom entered the College within the last half of the past year, are declared qualified in one language. From these instances and the high testimonials generally speaking brought from Haileybury by the Students lately arrived, His Honor entertains the most confident expectation that the present year will be distinguished by great attainment in the languages, and by the most exemplary good conduct. They will not, he hopes, content themselves with acquiring merely that moderate competency in two languages which is sufficient to obtain a certificate of qualification for the Public Service, but will aim at a degree of proficiency which will entitle them to honors and rewards.

6. The Deputy Governor would remind them that they are destined to be the future administrators of this great and populous country,—that upon the qualifications which they are found to possess, and upon the character they establish will depend not only their own advancement, but the happiness of the people committed to their charge, and that it is to those whose characters stand the highest, and whose qualifications are best established, to whom the Government will always give the preference in the distribution of the situations to which they may respectively aspire, while they who neglect the opportunities of improvement, and shew themselves indifferent to the estimation in which they are held, will have no right to complain of being dealt with accordingly.

7. His Honor would further impress upon the Students, the great importance of a familiar acquaintance with the Vernacular languages of the Country. Such acquaintance is not only important, but absolutely necessary to a due discharge of the ordinary duties of the situations in which they will all be placed. Without it they can never succeed in commanding the respect and confidence of the People, or prevent themselves from becoming the instruments of fraud and chicanery, and a reproach to the public administration. In short, to possess a competent knowledge of the language which the people all speak, and in which alone public proceedings are conducted, is so essential, that to be unable to communicate with the highest and the lowest without the aid of an Interpreter in any part of the Country where a Student leaving College might desire to be placed, would be considered a disqualification.

8. The Deputy Governor would however by no means wish to be understood to discourage the study of the learned languages. On the contrary, His Honor would wish such Students as have time and inclination for the purpose, after acquiring the Vernaculars, to study these also, and always be ready to afford every proper facility and encouragement in the prosecution of so desirable an object. But the language of the *people* ought to be the first study of those who are entrusted with the public administration, and to whom the *people* have to look up on all occasions for protection against oppression and injustice.

9. In conclusion, I am directed by His Honor to convey to the Collegiate Authorities his thanks for their exertions during the past year, and to the Students, the repeated expression of his confidence that their conduct in College will be such as shall reflect credit on the Institution, distinction on themselves, and honor on the Service.

I have, &c.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked via "Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

J. STUART, Lt-Col,

Secy. to the Govt. of India, Mily. Dept.,

with the Govr. Genl.

CAMP DELHI, the 13th February, 1843.

The Governor General taking into consideration the inconvenience to which all officers at the new stations of Subathoo, Kussowlie, Umballa, Kotra and Nursingpoor, will be exposed through the necessity of providing themselves with residences, and deeming it to be a matter of much public concernment, that officers, and especially the younger officers, should not be placed under circumstances which may compel them to contract

debts at an exorbitant interest, is pleased to make the following provisions:—

1. All officers desirous of borrowing money for the purpose of building residences for themselves at a new station, will, on application through the Executive Engineer, receive advances, not exceeding three years' tentage of their respective ranks, repayable with interest at five per cent. in three years, by the stoppage of their tentage, or of such portion thereof as may be sufficient to repay the loan with such interest.

2. In the event of the decease of any such officer, or of his being removed from the station before the whole sum borrowed by him shall have been so repaid, the remainder of the debt due by him shall be cancelled, and the residence built by him shall become the property of the Government, subject nevertheless, to the condition, that in the event of the decease of any such officer, his executors, or administrators, within three months after his decease, may, if they shall think fit, desire that the residence shall be put up to sale, and if the sum realized at such sale, shall be larger than the debt remaining due, the balance shall be paid to the estate of the officer deceased; but such residence shall not, without special authority, be sold at any such sale for any sum less than the amount of the remaining debt, which shall be specified in the advertisement of the sale.

3. A similar power of desiring a sale of the residence shall belong to an officer removed from a station before the payment of the whole debt incurred by him; but such desire must be expressed by such officer within one week after the receipt of the order for his removal, and the sale shall take place on conditions similar to those above annexed, to the sale of a residence at the desire of the executors of an officer deceased.

4. In all cases, the Executive Engineer shall examine the accounts of the sums expended in building, which shall be furnished, on honor, by the officer borrowing, and shall certify what sums have been *bonâ fide* so expended, and no larger sum shall be advanced to any officer on loan than the Executive Engineer shall so certify to have been expended.

5. The Executive Engineer will, in all cases, in which his other duties may not interfere, afford his aid to the officer building a residence with money so advanced, for the purpose of preventing overcharge, and ensuring good workmanship.

6. Where officers may have already borrowed money on their own private account, for the purpose of enabling them to build at the new stations, sums will still be advanced to them, on application through the Executive Engineer, for the purpose of paying off such loans and continuing the works commenced, subject to the same regulations as above expressed, for the examination of the accounts, and for the giving of a certificate by the Executive Engineer, that the whole sum borrowed has been duly applied to the sole purpose of building at the new station.

The necessary arrangements for issuing and recovering the advances herein authorized, will be made in the Financial Department.

ACT No. III. of 1843.

An Act for amending the Rules of Special Appeals.

I. It is hereby enacted, that from and after the 1st day of May next, a Special Appeal shall lie to the Courts of Sudder Dewanny Adawlut at Calcutta and Allahabad respectively, to the Court of Sudder Adawlut at Madras, and to the Court of Sudder Dewanny Adawlut at Bombay, from all decisions passed on regular Appeals in the Civil Courts subordinate to them respectively, which shall appear to be inconsistent with some law, or usage having the force of law, or some practice of the Courts, or shall involve some question of law, usage, or practice, upon which there may be reasonable doubts.

Provided that it shall not be necessary to call for or refer to any part of the proceedings the reading of which is not required for deciding the point or points of law stated in the Certificate.

VI. And it is hereby enacted, that if it shall appear to the Judge that a Special Appeal is not admissible under this Act he shall reject the petition, and his order rejecting a petition for a Special Appeal shall be final.

VII. And it is hereby enacted, that in every case of Special Appeal admitted as aforesaid the Court of Sudder Dewanny Adawlut shall determine the point or points, certified as above enacted, and no other point or part of the case whatever.

Provided that such amendment shall relate only to the point or points originally stated in the Certificate, and it shall not be lawful for the Court to receive or add any new point or points.

IX. And it is hereby declared, that the existing Laws and Regulations of the Presidencies of Bengal, Madras and Bombay relating to Special Appeals, shall continue in force so far as they are not inconsistent with the provisions of this Act.

X. And it is hereby enacted, that nothing contained in this Act shall affect the hearing of second or Special Appeals which shall have been admitted and be pending in Appeal before the said 1st day of May next, and that all such second or Special Appeals shall be heard and decided in the same manner as if this Act had not passed.
